## It's in Queens

### #InTheLoop | People are howling about Silent Disco parties

Get your groove on...But first get your headphones on.

Silent Disco parties are scheduled for various Queens neighborhoods – beer garden, park, waterfront esplanade, etc. — this summer.

Hundreds of dancers shake their booties while listening to music by live deejays at these events. Usually, DJ 1 (Green) plays Top 40 hits, while DJ2 (Red) spins throwbacks, and DJ 3 (Blue) rocks hip hop, R&B, funk, and maybe even some Motown.

The dancers rent headphones that transmit the music. They can switch deejays by pushing the green, red, and blue buttons on their sets.

Here's a list of upcoming Silent Disco parties.

Friday, Aug. 10, 6 pm-9 pm. **NYC Parks Party.** The Unisphere, Flushing Meadows Corona Park. Please note that this original had a July 25 date, but it was rescheduled due to inclement weather.
